PCRC Studies in the Pipeline

The Scientific Review Committee, in collaboration with the Steering Committee, has recently approved three study concepts. Stay tuned for future caregiver, quality monitoring and hospice studies!

Interested Investigator?

If you have a research idea that would potentially align well with the goals of the PCRC and PCRC infrastructure and member sites, submit a Study Concept Form to the Scientific Review Committee. You can download the

Study Concept Form under "Studies" tab on the website. Forms are due 10 days prior to the next scheduled meeting: December 16, 2013.

The Denver Hospice Joins the PCRC

After serving as an outstanding referral site for the University of Colorado, we are happy to welcome The Denver Hospice, lead by Janelle McCallum, as an official PCRC site!
